

Product Specification:

3075 UL Certified 10awg insulated silicone fibreglass braided wires AWG10

UL STYLE NO. 3075	Reference standard
Retard voltage	600 Volts
Retard temperature	200 °C
Insulation jacket	silicone rubber + fiberglass
Conductor	Tinned copper wire
Standards	UL 758
Application	home appliances/ lighting/industrial power/UAV/automobile/robot, etc
M/FT	305m/1000ft per roll
AWG	12
Color	White, Red, Black, Red, Yellowish green, Brown, Blue, Green, Etc.
